Sir:

Receipt is acknowledged of the election of invention requirement in the Action of September 26, 2007, a response to which is nominally due on October 26, 2007. This IDS submission is timely in that it is made prior to a first action on the merits of the application.

The Applicant, through its representatives and attorneys, hereby brings to the attention of the examiner the Japanese language document with translation identified on the accompanying Form PTO/SB/08. Copies are provided. This document was cited in an Action in Japan of February 1, 2007, a copy of which is also enclosed, although a translation is not readily available. Certification is not available.

The relevance of the cited document can be gleaned from its English language translation and the fact of its citation in the corresponding Japanese Action.

No fee is believed to be due to prompt consideration of the cited document.
